DEPARTMENT OF THE AIR FORCE  
HEADQUARTERS AIR COMBAT COMMAND  
JOINT BASE LANGLEY-EUSTIS VA

MEMORANDUM FOR AFNIC/NTV

FROM: HQ ACC A6/A6I  
300 Exploration Way  
Hampton, VA 23666

SUBJECT: Software Certification for Air Conformity Applicability Model (ACAM) Version 5.x

1. ACAM version 5.x is hereby certified in accordance with (IAW) AFI 17-101 for use on standard desktop systems connected to the AF Network (AFNET) and AF SIPRNet and placed on the AF Evaluated Products List (AF EPL). *This certification expires three years from the date of the digital signature below* and does not apply to subsequent major application revisions. For example, version 6.x would not be grandfathered under this certification.
2. ACAM version 5.x is an existing GOTS standalone product/application that is the AF's standardized method for performing modeling of air emissions for General Conformity Applicability Analysis to meet legally mandated regulatory air requirements.
3. My decision is based on the validation of test data reviewed and tested by AFNIC/NTV and documented in this certification. AFNIC confirmed there are no high or medium risk vulnerabilities and the product presents a low risk to the system or enclave.
4. Software versions earlier than ACAM version 5.0.11 were not assessed and may contain vulnerabilities; therefore administrators should install this version or later. In addition, all applicable Time Compliance Network Orders for this product shall be implemented according to AFI 17-201, *Command and Control (C2) for Cyberspace Operations* and AF Methods and Procedures Technical Order (MPTO) Air Force Information Network (AFIN) Vulnerability Management, TO 00-33A-1109.
5. This certification is not an Approval to Operate (ATO). Before this software can be used on a system or enclave, the terms of the End User License Agreement (EULA) shall be understood and the system or enclave ATO shall be updated to include this software version. For questions or to obtain supporting documentation, my Information Assurance SCA representative POC is AFNIC/NTV, (618) 229-6862 (DSN 779-6862) or e-mail: [afnic.saca@us.af.mil](mailto:afnic.saca@us.af.mil).
